Dear Rallyists,

Thanks again for coming out and supporting our event. As most of you know Leg #3 was discarded because I failed to type the next instruction number on the checkpoint slip. Sorry for the error and the inconvenience you may have been caused. I hope you enjoyed the fall colors and had a good time anyway.

I have been holding back distributing results until I had word on the trophies. The placques for the trophies have been delayed. We will get them to the winners as soon as possible.

Thanks again. Next year's event will be more straight forward, I promise.

Greg Anderson

P.S. If any one knows who Car #20 was, let me know. They didn't turn in an entry form.
