

## GREAT NORTHERN

Great Northern rally was run Saturday, May 12 under cloudy skies, and eventually drizzle. These conditions didn't fetter any of the 28 teams on this second event of the Detroit Region Rally Championship series. Adding to the excitement (or was it pressure?), many of the teams were there to practice for the MACA Grand Tour to be held the following weekend. The field was very competitive, with 6, 9, 10, and 3 cars in classes A, B, C, and Novice respectively. Great Northern was specially designed this year using all paved roads and tulip instructions as the MACA Grand Tour would be.

The results were anything but predictable! The overriding rule (more than 1/3 of the class A cars receiving a maximum score on any one leg) resulted in four of the 12 legs of the rally not being scored. When these control scores were removed from the total, several teams found themselves in much different places than they might have anticipated. The winners were;

Class	Team	Vehicle
A	MARK Henderson/Townsend	Subaru Turbo RX
B	Burgan/Vroman	Hyundai Excel
C	Conner/Conner	Dodge Omni Turbo
N	Dart/Dart	Porsche 911

The next event in the series will be July 14, as John Townsend and Rick Shue present the Midsummer rally. Hope to see you there!

29 Keffer/Rood/A	160	43	103	120	62	155	180	81	10	200	200	516	

Thanks again for coming out and making Great Northern such a success.

Legs 5,8,9,and 13 were lost due to the Overriding Rule, something that is definitely going to be re-thought for future events.

See you down the road!

*Tom Wabnitz*
