Barb Steenken and Ed Maklenberg presented the 1995 version of the Cider Mill Run on Saturday, September 30. Starting and finishing in the Milford area, the event took contestants past or near many of the cider mills in the area. Amazingly, even though the weather was nice, the traffic past the cider mills was not bad.

Mark Henderson and John Puffenberger were first overall, and the winners in the equipped class with 35 points. Rick Shue and John Townsend were second with 54. Jim Mickle messed up the factor at the end of the odometer check, and blew any chances of a win at the first control. He and Pete Padden finished third in E with 347. The limited class was won by Jim Fekete and Jim Shaffer with 522. Taking their two year old daughter along as a handicap, Caprica and Bryan Murphy were still able to win the stock class with 211 points. The baby was getting a bit bored by the end of the event, so they probably will not try to take her on Thumbs Up, as it is a much longer event. Rob Moran and his mother Nancy Shaffer were second with 642. In the novice class, first time competitors, Eric Gettel and Joy Beatty were the winners 505 points. An outstanding score for their first event. Julie Szeremet and Chris Laxton were second.
