

Volunteers needed for the September 18 Tire Rack Street Survival event at Fowlerville

Would you like to help with our mission of saving teen lives through safe driving?

If so, you will help teach them to control their car in unpredictable situations based on its handling limits. They master the application of driving physics using their car. They learn how to make good driving decisions and react more quickly. They become more aware and learn how to begin anticipating the actions of other drivers.

Volunteer for the September 18 Tire Rack Street Survival in Fowlerville; sign up here:
