

DRSCCA Rally School

Saturday, May 11th, 2024

The Detroit Region SCCA is excited to announce the return of Road Rally School! All are welcome regardless of experience level: you're interested in Road Rally and unsure where to start, competed in some events and want to improve your scores, or simply want to try out a new kind of motorsports competition!

Taught by 2020 Stock Class National Champions Sawyer Stone and Alison Lee, Rally School will consist of "classroom" portions where you'll walk through all of the terms, rally sections, and how-to of following instructions and keeping time to achieve low scores in Road Rally. In addition, you'll put these new skills to the test over two rally sections where you'll encounter everything you may run into in a Road Rally. Our goal is to give you the skills and confidence to be competitive in DRSCCA Road Rally events.

What You Need:

- *A Teammate:* Road Rally is a team sport! Teams consist of Driver and Navigator. No teammate? Let us know, we can pair you up with someone
- *A Car:* Any road-legal car is allowed. Most of the roads you'll drive are unpaved backroads around South Lyon, but ordinary passenger cars will be just fine
- *A Smartphone:* Nearly all checkpoints in Road Rallies are set up via GPS. You'll need the Richta Competitor App to test out your new skills
- *Pen, Paper, and Calculator:* Road Rally has some math and some notes. A basic 4-function or cell phone calculator can do everything you need, but it should be a phone that won't be used for the Competitor App
